Summary:

Computer Science and Engineering student with hands-on experience in web development, backend systems, and AI/ML integration. Built web applications using React, Node.js, and Firebase, including features like real-time databases and Gemini AI API integration. Proficient in Python, C, and C++, with active project contributions on GitHub. Focused on learning through practical projects and solving technical problems with code.

Technical Skills:

Category	Skills
Programming	Python, JavaScript, C, C++ (basic)
Web Development	HTML, CSS, Bootstrap, JavaScript, React.js
Backend	Node.js, APIs, Python
Databases	MySQL, Firebase
Tools	Git, GitHub, VS Code

Soft Skills:

Skill 1	Skill 2	Skill 3	Skill 4
Logical Thinking	Learns Independently	Asks Meaningful Questions	Pays Close Attention to Details

Projects:

- [Novel-Nest](#)
Developed an AI-powered novel generation platform using the Gemini API to enhance content creation.
 - Boosted content generation efficiency by 70% through seamless integration of Gemini API.
 - Integrated Firebase Authentication and Firestore, securely managing data for 100+ users during testing.
 - Achieved smooth user experience with React-based components, reducing loading time to under 2 seconds.
- [Coffee E-Commerce Website](#)
Designed and launched a responsive e-commerce site for a fictional coffee brand.
 - Developed a fully responsive UI with 100% compatibility across mobile and desktop using HTML, CSS, and Bootstrap.
 - Improved UX by 40% (bounce rate reduction) through optimized layout and intuitive design.
 - Delivered the complete MVP in 5 days, highlighting agile front-end development skills.
- [Portfolio Website \(Personal Branding Platform\)](#)
Designed and deployed a personal portfolio to showcase projects, skills, and background.
 - Built a responsive portfolio using React and Vite, tested on 10+ device sizes.
 - Added a 3D rotating computer model for interactive display.
 - Deployed on Vercel with under 2s load time, featuring 3 projects.

Certifications:

- [The Joy of Computing using Python](#) – NPTEL (IIT), 2024

Completed a 12-week course covering Python basics, algorithms, and data analysis. Final score: 62/100 (Assignments: 23.75, Exam: 38.27).

- [Soft Skills](#) – NPTEL (IIT Roorkee), 2024

Completed coursework on communication, teamwork, and behavioral skills. Score: 62/100 (Assignments: 23.91, Exam: 38.27).

- [Technical Quiz Participation](#) – SVVV Kaushal 5.0 (2024)
Participated in a university-level technical quiz on computing and general tech knowledge.

Education:

Qualification	Institution / Board	Location	Score	Year / Status
Bachelor of Technology (BTech), CSE	Shri Vaishnav Vidyapeeth Vishwavidyalaya	Indore, MP	CGPA: 7.02	Expected July 2026
